Importance: High

Greetings,

Please take this email as my second outreach on the disgustingly poor quality of service that is provided by Tega Cay Water Service. There has been multiple rate increases and NO show of that money going to PROACTIVE measures to fix the terrifying water problem in Tega Cay. This is poisoning out municipal drinking water supply and making for very unsanitary living conditions.

I am also aware that TCWS has violated its terms of agreement for the rate increase. I have attached some pictures of sewage that is plaguing our gold course and the money TWCS is spending to subcontract sewage trucks to haul out sewage, rather than fix the issue.

I am EXTREMELY disappointed in the governing bodies of TWCS. Is this all just politics?

Andrew Roberts
